

Kennedy King Scholarship Undergraduate Application

Submission Checklist

- Complete, **sign in ink**, and submit the Application and **all** requested documents in hard copy. Answer all questions or otherwise explain why a question has not been fully answered using the Explanatory Note section in Application if necessary. All questions must be answered or your application may be rejected.
- Your ink signed Application, including your Autobiography, Publication Summary, Authorizations (ink signed) and Permission Form (ink signed) need to be submitted in printed hard form.
- Signed Counselor's Verification Form. Include your name, community college and anticipated major at your 4-year college, etc. Be sure to provide a detailed "Educational Plan" signed by you and your counselor if you will not have sufficient units in June, 2018 to transfer with junior standing (60 qualified units required) and are planning to transfer in fall, 2018 or spring, 201 . Note, that you must have at least 54 transferable units upon completion of your spring, 2018 term courses (42 units if planning to transfer in spring 201) to qualify. The Counselor's Verification Form can be hand written or typed, but we prefer it typed into the computer form and submitted in hard copy.
- Reference statements from three (3) individuals in sealed envelopes. These submissions can be hand written or typed, but we prefer they be typed into the computer form, printed, and submitted directly to your College Scholarship Office where possible.
- Course transcript including units and grades from **each** college you have attended. Downloaded Web Advisor transcripts from CCC, DVC and LMC Community Colleges are acceptable, but **Official Transcripts from all other colleges are required**.
- Attach your SAR or, if not available, your FAFSA or Cal Grant Dream Act (sections B-E) application if you file one. Tax or other documentary evidence of your and your family's economic need is helpful, particularly if you do not submit a SAR or FAFSA or Dream Act application. Delete Social Security numbers from **all** documents submitted.
- If you are a Native American/Alaskan or Native U. S. Pacific Islander, include your tribe/native people affiliation and registration form from the Bureau of Indian Affairs if you have one.
- Do not submit the cover letter or these instructions with your hard copy.
- Hard copy must be printed on one side of sheet and no staples or clips should be used, and please paperclip the whole entire copy submission.** If obtained from a third party printed on both sides of sheet, copy important backside information on a separate sheet and place behind the original sheet. This is necessary as we make hard copies of your hard copy original application with all its requested documents for your interviewers and otherwise important sheet backside information and stapled parts may not get copied.
